Tuesday After-School Spring Classes, March 31 – May 12:

Picasso's Many Faces: Exploring Color, Cubism, and Creativity

Grades K-5. Up to 24 students.

Sherri Cripe, retired art teacher who taught at Hillcrest (now Delphi Elementary School) for 17 years and loves inspiring young artists to explore creativity through art history and hands-on learning.

In this hands-on art class, students will explore the many styles of Pablo Picasso, from his Blue and Rose periods to bold Cubist portraits and playful sculpture. Young artists will learn how Picasso used color, shape, and imagination—and create their own Picasso-inspired artwork along the way. All supplies provided.

Paper Tricks

Grades 6-12. Up to 20 students.

Wyndham Traxler Carter (Mrs. TC), retired teacher and practicing craftsman: Pottery, Fibers, Calligraphy, Science-Based Art & Computer-Based Design. Lilly Endowment Teacher Creativity Fellow.

Paper in art is usually associated with drawing and painting but has many more tricks up its sleeve which this class will introduce. Starting with simple Modular Origami, we will move onto Decorative Paper Marbling, a simple Alternative Bookmaking experience and finally Kiragami and Chinese Paper Cutting. Influences from Culture, History, Science and Math will all be apparent. All supplies provided.

Let's Tap!

Grades K-12. Up to 24 students

Becky Floyd, owner and director, Dance Dynamics of Lafayette, graduate of Delphi High school and excited to once again share Tap with the students in the program.

Learn basic tap steps and fun combinations, and a bit of tap history in this energetic class. Tap shoes will be provided. Please specify the size needed on your registration form.
